Kiddies Program

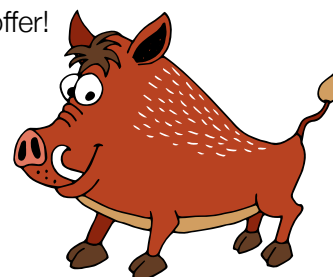

Emdoneni Lodge prides itself on actively welcoming children of all ages.

- Children are allocated to a specific ranger who enjoys interacting with younger guests.
- Drives and activities are tailored to suit children's interests and attention span.
- Game drives and walks are designed to ensure that the kid's safety is taken into account and that they experience activities they might not normally enjoy in the city.

- Baby sitters and child minders are available (additional cost).
- We try not to use modern technology in our activities offered but rather to teach children to love nature and what it has to offer!
- Kiddies Menus are specially prepared for children.

Welcome!

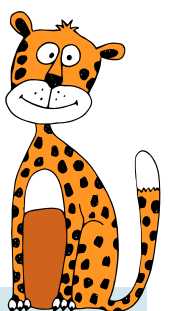

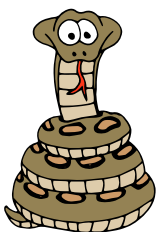

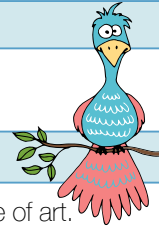

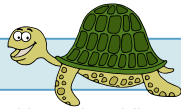

ACTIVITIES WE OFFER FOR KIDS INCLUDE:

KIDS NIGHT DRIVE	Duration: 1 hour	R175 per child
Come and look for nocturnal animals while your parents are at dinner. Don't forget to bring a jacket. We might see the bushbabies!		
NATURE WALKS & ANIMAL TRACKS	Duration: 1,5 hour	R245 per child
Guided short afternoon walks with your own ranger pointing out insects, tracks of animals, trees, vegetation and interesting facts. Learn how our ancestors used to find their dinner, by tracking animals. Don't forget to bring a hat!		
NIGHT TIME FROGGING (seasonal)	Duration: 1 hour	R175 per child
Come join us to catch some frogs! Help us to identify the different species and learn about these beautiful and interesting creatures!		
SPOT THE POOP!	Duration: 1 hour pp	R175 per child
Your ranger will help you recognize the different types of animal poop while you go on a poop spotting adventure... this is so much fun!		
EDUCATIONAL BUG SCOUTING	Duration: 1 hour	R175 per child
Teams or individuals scout for different species of bugs to put in their bug containers, with the help of your guide.		
TARGET SHOOTING	Duration: 1 hour	R195 per child
Learn how to shoot with a bow and arrow – like hunters of old times!		
SCAVENGER HUNT	Duration: 1 hour	R175 per child
A thrilling treasure hunt in nature is both a fun and an educational experience, searching for things like bones, feathers, leaves and other interesting reserve specimens.		

LEARNING ABOUT LEAVES	Duration: 1.5 hour	R245 per child
Walk around the property looking for different colours, shapes and sizes of leaves and learn about the trees that they come from.		
SENSORY SAFARI	Duration: 1 hour	R175 per child
Use all five of your senses to hear, see, smell, taste and touch the environment around you and learn how we are all connected in this outdoor experience.		
OBSERVATIONAL WALK	Duration: 1 hour	R175 per child
Take a walk around the property with a checklist of "Flora & Fauna" and see how many you can find/check off.		
LEAF RUBBING	Duration: 1 hour	R175 per child
Make colourful crayon rubbings of different kind of leaves to come up with a beautiful nature inspired picture.		
GIANT CATAPULT BUILDING	Duration: 1.5 hour	R245 per child
Use your building skills and learn engineering and science principals by using some simple materials to build a giant catapult.
